

TS2000 Activity Analysis Pricing

Introduction

TS2000 Activity Analysis is available in three versions:

- ▶ **TS2000 Activity Analysis Workgroup.** For the smaller, single-site service provider or department, with up to 35 timesheet users. This is a self-install product based upon the Microsoft Desktop Server Engine (MSDE) database.
- ▶ **TS2000 Activity Analysis.** For medium sized clients, operating from a single site, such as Business Links, with licences available to suit. This is an installed product, based upon Microsoft SQL-Server.
- ▶ **TS2000 Activity Analysis Enterprise.** For larger multi-site clients for example, Co-financing organisations. An enterprise-scale product, with licence numbers limited only by host network/server/database architectures. This is an installed product, based upon any OLE DB compliant database, e.g. Oracle or Microsoft SQL-Server.
